We are so very proud of Exchange Club of Las Vegas Member Marivelle Nunez-Rucker as being recognized as a "Remarkable Women" in our local community. Marivelle is a local mental health professional who uses her heart to treat the mind, body and spirit of a community often overlooked.

She started the Restoration and Recovery Foundation when she realized counseling was just part of the prescription many patients needed to overcome the anxiety, depression, and desperation life throws at them.

Congratulations to you Marivelle, your wonderful team members, and your community partners for doing exactly as you tell us all the time.
