

About Us

Chartered in 1926, Exchange Club of Newport Harbor is the oldest service club in Newport Beach. Annually, Exchange Club provides significant grants, as well as volunteer time and effort, to organizations focused on the prevention of child abuse and serving military personnel and their families. In addition, the Club annually awards scholarships to numerous deserving high school seniors who have chosen to pursue further education. To learn more about the Exchange Club of Newport Harbor, please visit the Club's website, exchangeclubofnewportharbor.com.

What We Do

Exchange Club engages in numerous "Programs of Service" – Americanism, Community Service, Youth Programs, and an ongoing national project to prevent child abuse. Americanism activities promote pride in America, respect for our flag, and appreciation of our freedoms, including the Club's annual Field of Honor and its Proudly We Hail, Freedom Shrine, Military Appreciation, and One Nation Under God projects. Community Service focuses on core charities serving the public, crime, and fire prevention, and the Club's Book of Good Deeds Awards. Our youth activities benefit, award, and develop our Nation's youth through donations to our community's Junior Lifeguard Program, its annual Spirit Run, the Club's Buddy Bench project, and its yearly scholarships to high school seniors pursuing further education. Historically and ongoing, the Club emphasizes its involvement in numerous child abuse prevention activities.

The A.C.E. Award

The A.C.E. {Accepting the Challenge of Excellence} Award recognizes graduating high school students who have demonstrated the ability to overcome obstacles and move forward to positively change their outlook and performance during their high school years. The A.C.E. Award program encourages students to overcome their hardships and get back on track toward a high school diploma. It also recognizes those students who are often overlooked for their accomplishments. This special recognition celebrates students' hard work and perseverance. Each recipient receives a \$3,000 scholarship for furthering their education in a two- or four-year college or state-recognized technical institution (as stipulated in the nominating requirements).
